Colonial America Themed Set (Differentiated Readers): South Carolina, Virginia, Pennsylvania, Massachusetts		National Geographic		$32.63	Pedagogy	NOTE: There are four separate books that come in packets of eight. Each teacher will need one of each book. The whole packet cost $261.08. We would break up the sets which makes the cost per teacher is $32.63. This pricew will also include one teacher's guide for every eight teachers. I can take one and then we can give away the others as part of a module content (ensuring, first, that when there are several teachers at one school, they will have a copy at the school); Deleted because it is simply too expensive.
The Salem Witch Trials (Graphic Library)	Dunn, Joeming	Capstone Press	2008	$7.95	Children's Literature	Too expensive and we have other graphic novels.
Now and Ben The Modern Inventions of Benjamin Franklin	Barretta, Gene		2006	$12.21	Children's Literature	NCSS 2007; Excellent book, but post-dates the era
